

INNOVATIVE & AWARD-WINNING

raumplus works with respected designers and recognized research institutions to develop and test new products, technical innovations, and ground-breaking manufacturing methods. We are particularly proud of the influential prizes and awards we have received from the national and international specialist bodies in this context, e.g. the German Design Award, Iconic Award, German Brand Award, and many more.

Personalized Door Panels

Whether wood, metal, or glass; mirrors, blackboards, or magnetic panels – our door panels are designed to match your interiors and your wishes. No matter how personal they are – from fabric through wallpaper to leather or your favorite photo as digitally printed one-off piece – we can make almost anything into a reality.

THE MEASURE OF ALL THINGS FOR YOUR INTERIOR SYSTEM

Sample closet, «Iagno» interior system (width approx. 4 m, height approx. 2.40 m)

- CLOTHING RAIL:** 1 meter of clothing rail can hold up to 25 blouses, shirts, dresses and skirts; 14 cm per item of clothing. Ideal shelf heights are:
 - 1.70 m for long dresses and coats
 - 1.20 m for summer dresses and summer jackets
 - 1.20 m for shorts and suits
 - allow at least 50 cm shelf depth
 - use corner clothing rails to make full use of a corner
 - incl. plastic pillar strips that enable clothes hangers to slide noiselessly on the clothing rail
- FULL-OUT TIE RAIL:** Ideal for up to 12 ties in a small space.
 - pull-out and with adjustable mounting depth
 - standard mounting depth: 50 cm
- CLOTHES LIFT:** The pull-down clothes lift is perfect for hanging up items of clothing in higher areas.
 - possible shelf widths: 44 cm – 130 cm
 - optimal mounting height: 1 m – 1.80 m
 - allow at least 50 cm shelf depth
- PULL-OUT PANTS HANGER:** Can accommodate 9 pairs of pants.
 - allow at least 25 cm shelf width and at least 40 cm shelf depth
- PULL-OUT WIRE BASKET:** Ideal for storing for e.g. socks, hats, scarves and gloves.
 - mounting sizes: width 44.8 cm and depth 45 cm
- ANGLED SHELVES:** Clearly arranged storage of shoes.
 - installation dimensions: width at least 20 cm and depth at least 25 cm
- PULL-OUT CLOSET ROD:** Practical hanger for e.g. blouses and shirts, for short-term storage.
 - can be retracted to 2 cm
- TROUSER PULL-OUT WITH FRONT FACING:** The width can be individually adjusted. Can accommodate up to 14 pairs of pants.
 - front facing available in matching material
 - allow between 50 cm – 90 cm shelf width and at least 50 cm shelf depth
- PULL-OUT SHELF:** Suitable for storing, for e.g. freshly ironed clothes while putting them away.
 - allow between 50 cm – 1.2 m shelf width
- SIDE PULL-OUT SHOE RACK:** Space-saving solution, enables storage of up to 10 pairs of shoes on 3 or 5 levels.
 - height-adjustable levels make it also possible to store boots
 - allow at least 50 cm shelf depth
- PULL-OUT CLOTHING RAIL:** For economic storage of clothing in shallower closets.
 - allow at least 25 cm shelf depth
- MIRROR:** Pull-out bevel mirror (available in 2 heights) with minimum space requirements.
 - allow at least 48 cm shelf depth
- HOOK STRIP:** Accommodates up to 5 shawls, silk scarves or belts.
 - allow at least 35 cm shelf depth
- DRAWERS:** We offer many different drawer variations in custom-built sizes to equip your interior system.
 - featuring full extension, soft stop, drawer front, additional side panels and different handle options
 - available with wood or glass fronts

Brought to you by

raumplus - founded in Bremen, at home in the world. The family business is a manufacturer of sliding doors, room dividers, closet systems, shelves and dressers with the highest standards in terms of quality and product design. The brand raumplus stands for clever and innovative room solutions beyond standards and usual products. Whether it be a custom made corner solution, sliding doors under a sloping roof, a walk-in closet, room doors, glass sliding doors or folding doors as a clever room solution for the kitchen – we realize anything for our customers.

WALK - IN CLOSETS

Inspiration and an overview; the joy of combining items and easy access – walk-in closets provide the convenience that makes getting dressed a great experience. **raumplus** sliding doors conceal exclusive interior systems that ensure everything is to hand – with pull-out rails and shelves; lights and lifts; drawers and mirrors; plus many other fixtures and fittings. Making choosing an outfit an absolute pleasure – day after day and no matter what the occasion.

BUILT - IN CLOSETS

It's one of the timeless elements of customized interior design – the fitted closet. **raumplus** offers unique storage solutions based on a diverse range of doors and interior systems to create a stylish living atmosphere. Simply combine elements from the numerous door options, selection of interior systems, and wealth of accessories to create the closet that provides your unique personalized storage system.

ROOM DIVIDERS

raumplus sliding doors make space. They can be used to create open-plan interiors without having to lose the protection and discretion offered by enclosed areas. Used as room dividers, our doors can temporarily section off any zone – from kitchens and bathrooms to guest and conference areas – when you need to shut out eyes, noises, or odors. And when you're done, the »temporary wall« can be removed in an instant, restoring the spaciousness of your open-plan interior.

WARDROBES

INDIVIDUAL & UNIQUE

At **raumplus** nothing comes off the shelf. Individual solutions that fit your interior like a made-to-measure suit are standard for us. To meet this requirement, every product is manufactured, inspected, and carefully packaged with millimetre accuracy in Bremen.

And if you are looking for a matching addition, we can make your vision a reality by creating a unique product – from the desk top that matches the door panel to the chimney to be accurately converted into a cabinet – **raumplus** makes it possible.

- ✓ three shades - champagne, black & white available
- ✓ made in Germany
